EDUCATION

Bachelor of Technology - BTech, Mechanical Engineering
Madan Mohan Malaviya University of Technology
📅 11/2022 - 11/2026

SUMMARY

Tech Enthusiast | Web Development | Data Analytics | Project Management

Hello!

I'm a passionate, results-driven individual with a strong foundation in coding, web development, data analytics, and project management. A lifelong learner, I thrive on solving complex challenges and driving innovation.

Engineering Foundation

- Background in Mechanical Engineering with honed analytical thinking and problem-solving skills, providing a solid technical foundation for my pursuits.

Web Development

- Experienced in creating dynamic, user-centric web applications.
- Proficient in C++ and continually expanding expertise in full-stack development.

Data Analytics

- Skilled in transforming raw data into meaningful, actionable insights.
- Hands-on experience in data visualization and trend analysis through comprehensive projects.

Project Management

- Proven ability to lead and execute projects efficiently from initiation to delivery.
- Adept at managing timelines, resources, and stakeholders to ensure successful outcomes.

Let's Connect!

I'm eager to collaborate with professionals, share knowledge, and explore opportunities to apply my diverse skill set. Let's work together to innovate and make an impact!
